Innovation and technology consulting ewm maXsolution®

Full service wherever you are

Benefits for you:

Everything from a single source

We take responsibility for the entire welding process with regard to technology.

Sustainable corporate success

EWM allows you to work quickly, safely and efficiently. Your productivity will be notably increased.

ewm maXsolution®

Through our new innovation and technology consultancy service, we will assist you in optimising your work stations and processes.

Quality guaranteed

3-year guarantee for welding machines and 5-year guarantee for transformers and rectifiers – with no limit on operating hours, even when used in 3-shift operation, 24 hours a day, 7 days a week.

Maximum flexibility

We offer the ideal solution for every welding task as all MIG/MAG welding procedures for steel, CrNi and aluminium are always included in the price of the machine.

all in

You can rely on our service

Benefit from training programmes, maintenance visits, system set-up and much more.
